Mini Track: Reports From The Field: CALL FOR PAPERS

The Knowledge Management community is pleased to announce the Call for Papers for <u>HICSS-54</u> to be held in Hawaii. We welcome submissions for this Mini- Track. Possible contributions regarding reports from the field in knowledge management may include, but are not limited to the following:

- 1. Best practices in using technology, processes, or personnel to promote:
 - Knowledge creation, Knowledge maintenance
 - Storage of knowledge, Retrieving knowledge
 - A willingness to contribute to a knowledge repository and/or to seek knowledge from a knowledge repository
 - Learning and unlearning processes in organizations
 - Communities of Practice
- 2. Specific challenges encountered in knowledge management that either:
 - Have been successfully been overcome in designing, implementing or using a knowledge management system
 - Those challenges that have defied resolution
- 3. Knowledge Management and strategic planning:
 - Strategic planning of knowledge management processes
 - Vision development and KM; theoretical and practical foundations of knowledge-based vision and strategy development
 - KM, strategy and organizational routines
- 4. Other challenges to the research community

All types of papers are welcomed and we consider this minitrack focusing on a variety of issues including the "*softer side*" of *Knowledge Management* (KM).
